

Mia Lombardi

Trinity College

Class of 2028

Mia Lombardi is a freshman at Trinity College, majoring in Sports Management, set to graduate in 2028. A competitive golfer who works at Concord Country Club, Mia has a long history of athletic and academic accomplishments, including competing in several Mass Golf events. She completed the rigorous AP Capstone program, earned honors in Advanced Photography and AP Art, and maintained a spot on the honor roll throughout high school. Mia has also been a dedicated leader, serving as president of the Pencils of Promise Club, vice president of the Junior States of America Club, and vice president of the Photography Club. She has volunteered extensively as a sports photographer, teaching assistant, and at local food banks, and she has earned accolades such as recognition from the AJGA Leadership Links program.

A key influence on Mia's life has been her love for golf, especially following the loss of her grandfather, who introduced her to the sport. Despite this emotional hardship, Mia found solace and purpose in golf, later landing significant photography opportunities with the PGA and Tour Championship. Reflecting on the importance of her golf journey, Mia writes, "Golf gave me an outlet to use nature and sport to heal. It changed my way of life, and I am excited to see how it forms my future."

Receiving the Ouimet Scholarship has been pivotal for Mia. It allowed her to continue pursuing her academic and athletic goals while supporting her dedication to golf's accessibility and empowerment for others. Mia is deeply grateful for the scholarship and how it has impacted her growth. She is determined to carry forward the values instilled by Ouimet's legacy in her future endeavors.
